SUMMARY

Senior Product Designer specializing in 0→1 consumer products, AI tools, and Web3 infrastructure. Builds scalable design systems — token architecture, component libraries, and AI-native product layers — partnering closely with engineering from concept to production. Recently launched a wellness mini-app with 2,000+ users on World App.

SKILLS

Design: UX Design, UI Design, Visual Design, Interaction Design, Design Systems, Information Architecture, Wireframing, Prototyping, Mobile Design, Responsive Design, User Research, Usability Testing

Tools: Figma, FigJam, Tokens Studio, Shopify Hydrogen, Claude, ChatGPT

Technical: CSS Custom Properties, Design Token Architecture, JSON-LD Schema Markup, AI Tools Integration, Code Collaboration

EXPERIENCE

Edge City edgecity.live

Independent Designer · Oct 2025 – Present

- Designed and shipped a direct-to-consumer merch storefront on Shopify Hydrogen (React Router v7 / Shopify Oxygen), end-to-end from design to production deployment
- Built a platform-agnostic design system (CSS custom properties + Swift) governing color, surface hierarchy, shape, and motion across web and iOS; synced via Tokens Studio with no manual re-entry
- Structured product metadata for AI agent legibility — llms.txt, JSON-LD Schema.org markup, and FAQ architecture — so the store surfaces in AI-mediated search responses
- Authored INSTRUCTIONS.md as a reproducible onboarding workflow for developers and AI coding tools; designed merch collections for each pop-up city event

Innermost innermost.life

Founder & Product Lead · Nov 2025 – Jul 2026

- Led end-to-end product design for a behavioral wellness mini-app on World App, from 0→1 concept to live production; selected for World Build Labs Cohort 2 (Devcon Buenos Aires)
- Designed onboarding, daily session flows, and reward mechanics for an 8-day commitment challenge with WLD entry fee and community payout pool
- Integrated Web3 identity and onchain primitives (World ID verification, WLD payments) into consumer-friendly UX
- Reached 2,000+ users post-launch; partnered with software engineer to ship production-ready flows within a live ecosystem

Myosin.xyz

Contract Product Designer · Jul 2025 – Sep 2025

- Designed an AI-powered chatbot product for founders and marketers in the crypto ecosystem
- Defined conversation architecture, onboarding flows, and AI-human interaction patterns
- Partnered with engineering and PM to align UX decisions with scalable implementation

ETHDublin

Experience Designer · Mar 2025 – Jun 2025

- Led UX and spatial design for a multi-sensory exhibition integrating Ethereum-based technology across 8+ interactive installations
- Defined interaction direction for components bridging physical and digital systems; coordinated cross-functional teams of technologists, artists, and organizers

Ethereum Foundation

Product Designer (Grantee) · Oct 2024 – Dec 2024

- Led UX and responsive web app design for a privacy-preserving social app deployed at Edge City Lanna and DevCon SEA (10,000+ users)
- Defined interaction and visual systems spanning digital app and NFC integrations; shipped production-ready features under live event constraints
- Led museum-style exhibition design at DevCon SEA including NFC merch collection and visual systems

FOX Tech

Product Designer · Sep 2023 – May 2024

- Led 0→1 MVP design of Verify Tool, a consumer-facing media verification product
- Established brand identity and design system for Verify from scratch
- Designed and shipped Verify website in collaboration with engineering and product teams
- Designed FOXgpt, an internal AI chatbot tool, improving team operational efficiency

breathing.ai

Product Designer · Techstars Accelerator (2021) · Jul 2021 – Nov 2021

- Led product redesign to relaunch public beta, collaborating with engineering and data science
- Owned design-to-engineering handoff across 2 product features and company website
- Led cross-functional design team and onboarded new design interns

Fashion Industry Sanctuary Clothing, Complete Clothing, Stony Apparel, Citron Clothing, Freelance

Designer · 2010 – 2020

- 10 years designing across contemporary women's apparel; production partnerships with Nordstrom, Rent the Runway, and Anthropologie
- Built cross-functional skills in systems thinking, production workflows, vendor management, and design-to-manufacturing handoff

EDUCATION

Designlab — UX Academy, User Experience Design · 2020–2021

FIDM — Fashion Design · 2008–2010
